

Copy CDs with ROXIO Easy CD & DVD CREATOR 6

- 1 Launch the **ROXIO** program by double-clicking the Desktop Icon

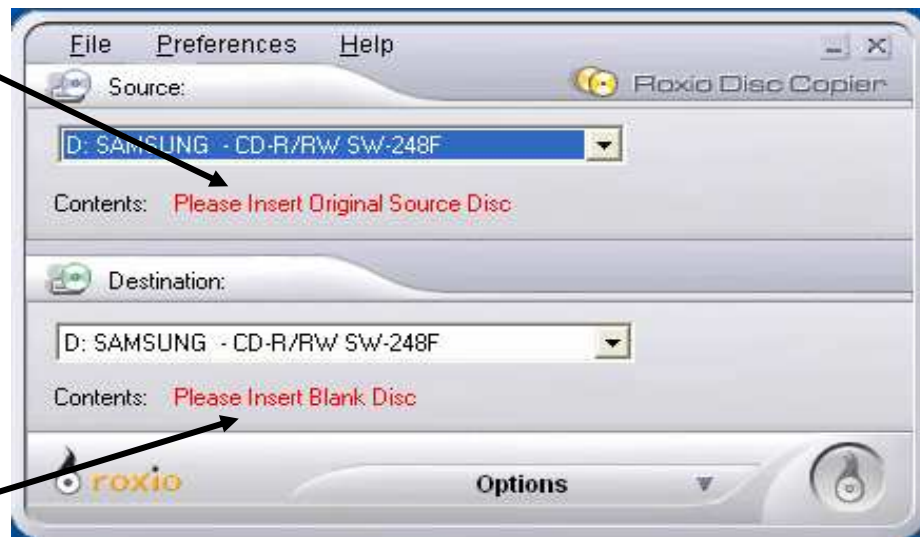

(or by selecting it from the START menu)

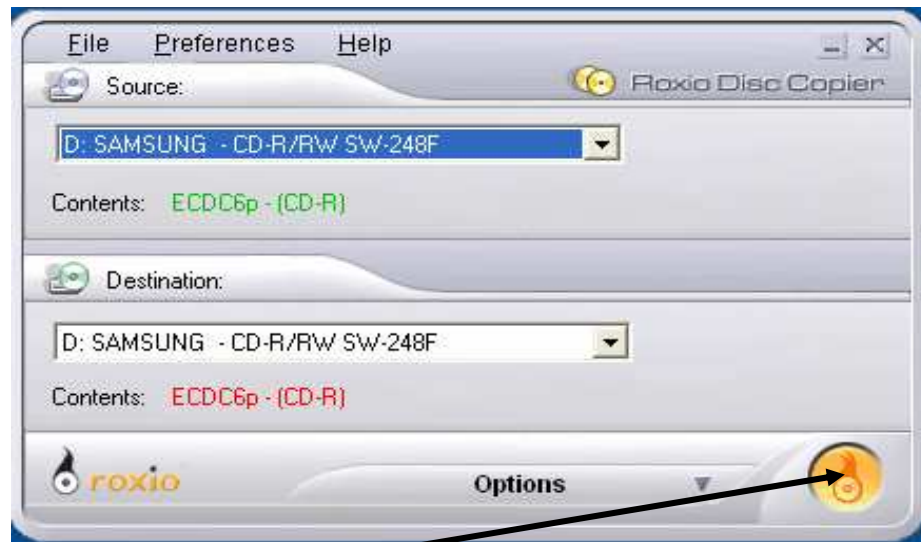

- 2 Select **DISC COPIER** from the opening menu

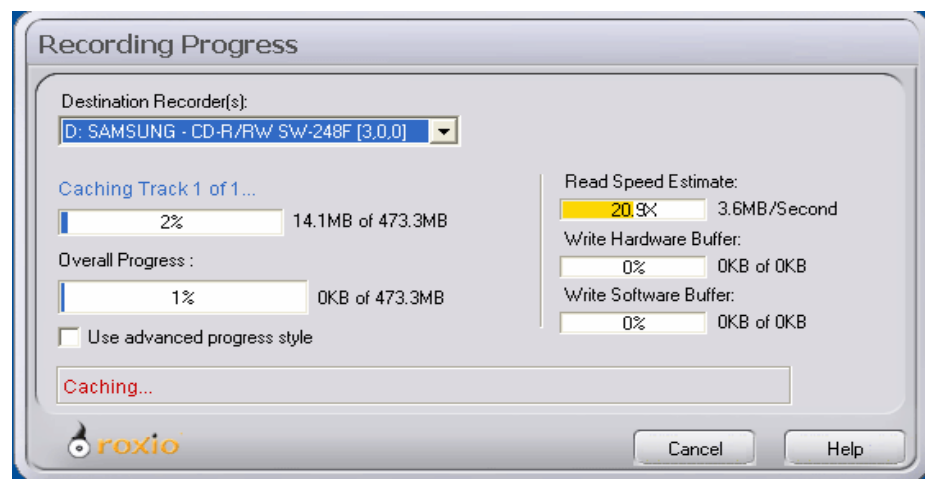

- 3 You will be prompted to insert the **Original** disc

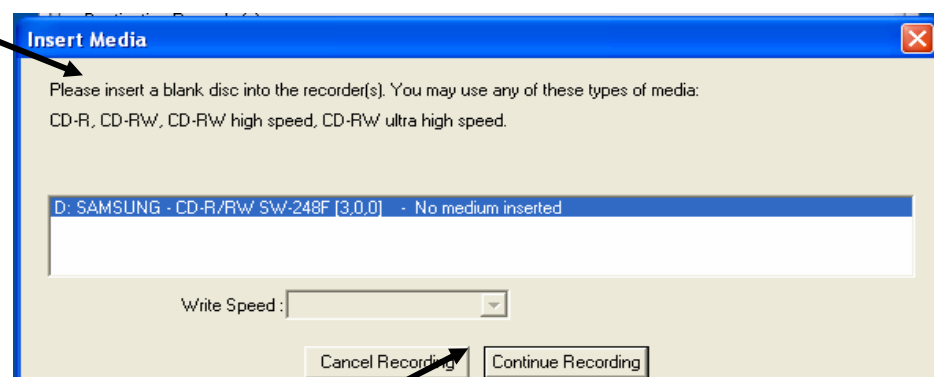

- 4 If you have a 2nd drive, insert the **blank** disc into the CD **Writer** drive
If you have only one drive, skip this step and you will be prompted to insert the blank disk later.

5 Click on the **BURN** button

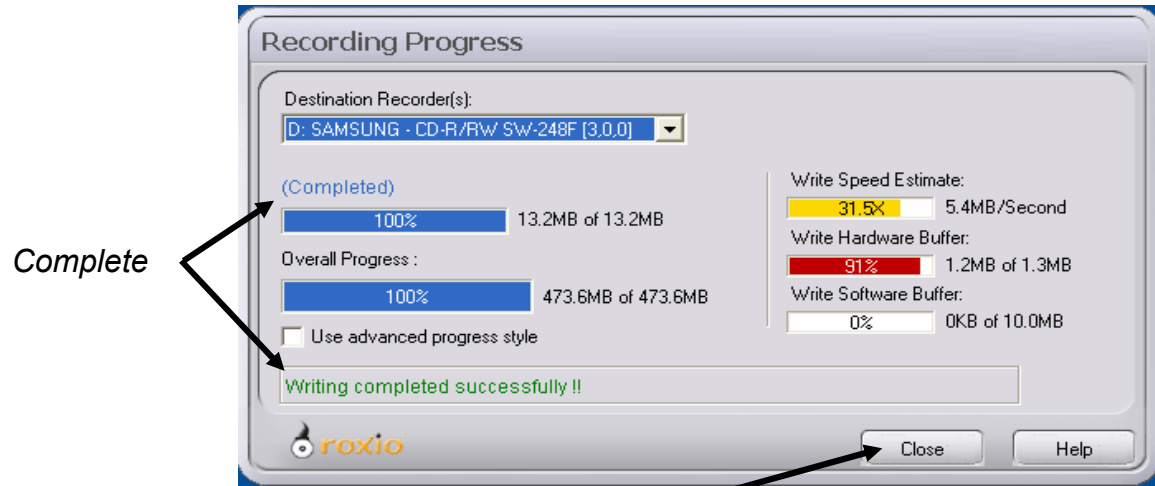

If you have only one drive, you will be prompted to insert the **Blank** disc, after the original disc has been read

6 Insert the **Blank** disc and click the **Continue Recording** button

The Recording Progress screen will indicate when the project is completed

7 Click the **Close** button
